ABHIJITH B

MERNSTACK DEVELOPER

Professional Portfolio

Abhijith

Introduction

About me

I am an aspiring IT professional passionate about web development and emerging technologies. Currently, I am learning MERN Stack Development, Python, Data Science, and Web Designing. I enjoy exploring new technologies, building creative projects, and improving my technical skills. My goal is to grow as a developer and turn innovative ideas into meaningful digital experiences.

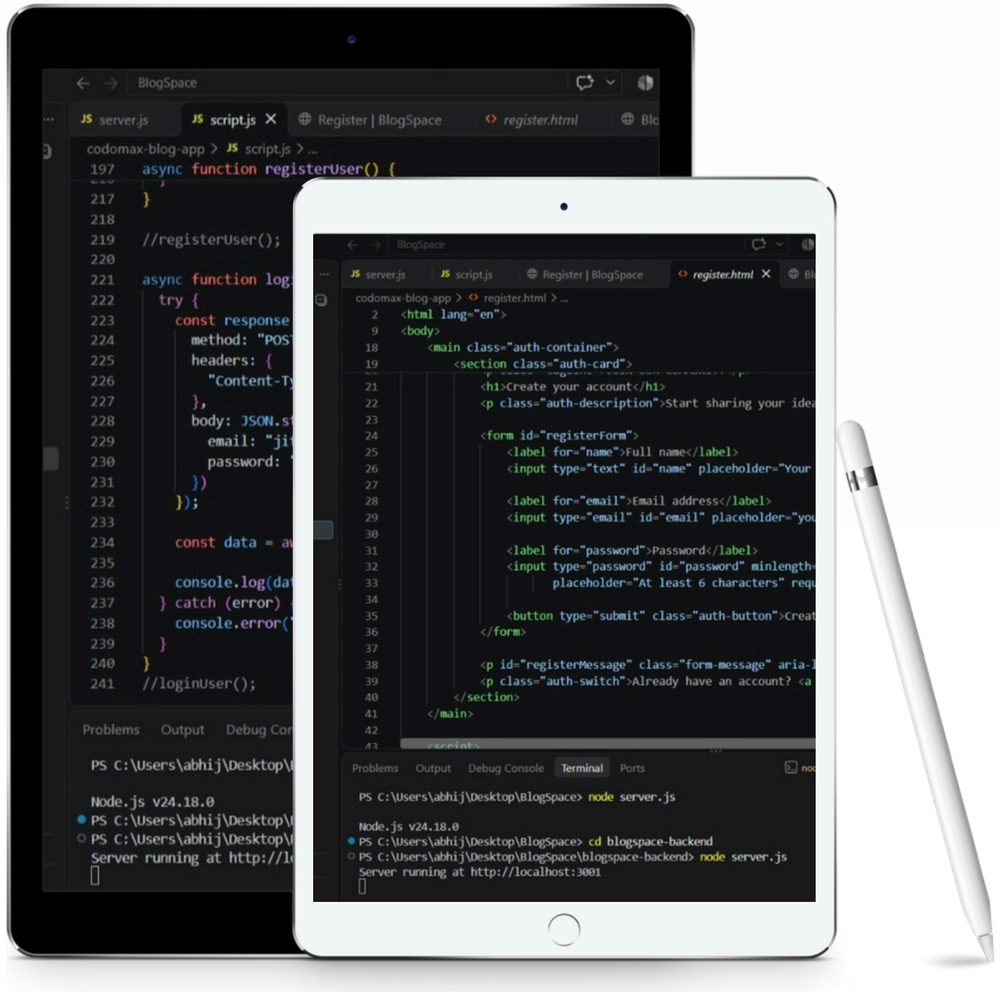

Personal projects

Developed two projects: BlogSpace, a full-stack blog application with frontend and backend functionality using HTML, CSS, JavaScript, Node.js and Express.js, and a Student Management System using Python to manage student records and information.

Internship Experience

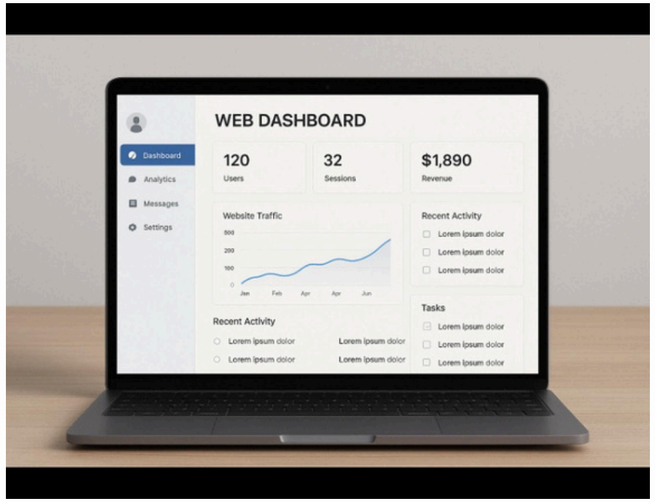

WEB DEVELOPMENT INTERN – CODOMAX

Gained practical experience in frontend and backend development through hands-on projects. Working with HTML, CSS, JavaScript, Node.js and Express.js while developing a full-stack Blog Application.

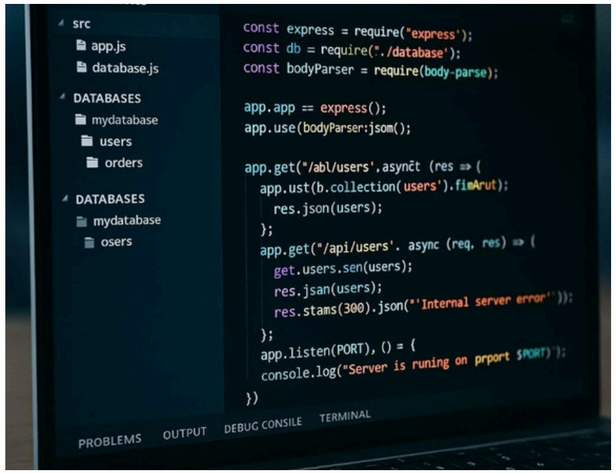

Professional Projects

01. BlogSpace – Frontend

Designed and developed a responsive blog interface using HTML, CSS and JavaScript.

02. BlogSpace – Backend

Built backend functionality using Node.js and Express.js, including API routes and blog management.

03. Student Management System

Developed a full-stack application to manage student information and records with an interactive user interface using React.js, Node.js, Express.js, MongoDB.

Vision

To become a skilled and creative IT professional, continuously explore emerging technologies, enhance my technical knowledge, and build innovative digital solutions that make a meaningful impact.

Personal Skills

- Communication
- Problem-solving
- Teamwork
- Adaptability
